

## Solid Waste Association of North America Old Dominion Chapter

Technical Tour

March 22, 2018

10:00 AM

Massaponax Wastewater Treatment Plant and Livingston Compost Facility  
(Fredericksburg, VA)

Livingston's Blend Compost (LBC) is produced from wastewater biosolids, through the controlled biological process of composting.

See the entire process!

Meet at:

10900 HCC Drive, Fredericksburg VA, 22408

Lunch will be provided.

There is no cost to register, but **registration is required**. Space is limited so please register using the online form so we can have an accurate count.

**Online Registration:** <https://fs10.formsite.com/swanava/form38/index.html>

Wear suitable footwear.

Questions or comments on any of the training events or tours, contact:

Erica Trout
